The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**DELEGATION OF AUTHORITY TO INVEST AND
ANNUAL ADOPTION OF THE TREASURER AND TAX COLLECTOR
INVESTMENT POLICY
(3-VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Delegate the authority to invest and reinvest County funds and funds of other depositors in the County treasury, to the Treasurer.
2. Adopt the attached Treasurer and Tax Collector Investment Policy.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The requested actions are required by the California Government Code (Government Code) to permit the Treasurer to invest County funds and funds of other depositors in the County treasury pursuant to the Investment Policy, which is routinely approved by your Board annually. Government Code Section 53646 permits your Board to approve annually the Investment Policy.

The Investment Policy approved by your Board on April 4, 2006 has been modified as follows:

Prior to January 1, 2007, the California Government Code limited investment in commercial paper of a single issuer to no more than 10% of the outstanding commercial paper of that issuer. Effective January 1, 2007, the Code was revised to allow investment of up to 10% of the total investments of a local agency in any one issuer's commercial paper.

The Treasury Pool's investments averaged \$16.7 billion for the first six months of this fiscal year, an increase of approximately 11% over the same period in the prior fiscal year. Accordingly, to provide investment flexibility given this increase in the overall value of the Treasury Pool, we are increasing the limits in the Commercial Paper (Section H.3) portion of the Investment Policy to allow investment in the commercial paper of a single domestic issuer as follows:

Commercial Paper (Domestic Issuers)			
S&P	Moody's	Former Limit	Revised Limit
A-1/AAA	P-1/Aaa	\$500MM maximum, of which \$300MM may be over 180 days	\$750MM maximum, of which \$450 may be over 180 days
A-1/AA	P-1/Aa	\$375MM maximum, of which \$175MM may be over 180 days	\$575MM maximum, of which \$250MM may be over 180 days
A-1/A	P-1/A	\$250MM maximum, of which \$125MM may be over 90 days to a maximum of 180 days	\$375MM maximum, of which \$175MM may be over 90 days to a maximum of 180 days

The maximum investment of \$750MM in a single issuer is approximately 4.5% of the average Treasury Pool's investments for the first six months of this fiscal year. This amount is less than half the allowable 10% under the California Government revision. The requirement that no more than 40% of the Treasury Pool's investments may be invested in commercial paper remains in effect.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

This policy is in accordance with the Countywide Strategic Plan Goal of Fiscal Responsibility in investing County funds and funds of other depositors in the County treasury.

FISCAL IMPACT

**COUNTY OF LOS ANGELES
TREASURER AND TAX COLLECTOR
INVESTMENT POLICY**

Authority to Invest

Pursuant to Government Code Section 27000.1 and Los Angeles County Code 2.52.025, the Los Angeles County Board of Supervisors has delegated to the Treasurer the authority to invest and reinvest the funds of the County and the funds of the depositors in the County treasury.

Fundamental Investment Policy

The Treasurer is a trustee and therefore a fiduciary subject to the prudent investor standard. Accordingly, when investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing investments, the investment decisions SHALL be made with the care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity would use with like aims.

All investments SHALL be governed by the Government Code and comply with the specific limitations set forth within this policy. Periodically, it may be necessary and prudent to make investment decisions beyond the limitations set forth in the Investment Policy that are otherwise permissible by California Government Code. In these special circumstances, ONLY the Treasurer is permitted to give written approval to operate outside the limitations set forth in the Investment Policy.

Pooled Surplus Investment Portfolio

The Treasurer SHALL establish a Pooled Surplus Investment (PSI) portfolio. The PSI portfolio SHALL be used to provide safe, liquid investment opportunities for pooled surplus funds deposited into the County Treasury.

It SHALL be the investment policy to make PSI investments where the primary objective is to ensure the safety of principal. The secondary objective is to meet the liquidity needs of the PSI participants. The third objective is to achieve a return on funds invested.

PSI revenue/loss distribution SHALL be shared on a pro-rata basis with the PSI participants. PSI revenue/loss distribution will be performed monthly, net of administrative costs authorized by Government Code Section 27013 which includes employee salaries and benefits and services and supplies, for investing, depositing or handling funds, and the distribution of interest income, based on the PSI participants' average daily fund balance as recorded on the Auditor-Controller's accounting records. Administrative costs SHALL be deducted from the monthly PSI revenue/loss distribution on the basis of one-twelfth of the budgeted costs and adjusted to actual costs.

Investments purchased with the intent to be held to maturity SHALL be accounted for in the Non-Trading partition of the PSI portfolio. Investments purchased with the intent to be sold prior to maturity SHALL be accounted for in the Trading partition of the PSI portfolio. The investments in the Trading partition SHALL NOT exceed \$150 million without specific written approval of the Treasurer.

In the event that a decision is made to transfer a given security from one partition to another, it MAY be transferred at cost; however, the difference between the market value, exclusive of interest, at the time of transfer and the purchase price, exclusive of interest, SHALL be computed and disclosed as unrealized profit or loss.

All PSI investments SHALL be categorized according to the period of time from settlement date to maturity date as follows:

- SHORT-TERM investments are for periods of up to ONE YEAR.
- INTERMEDIATE-TERM investments are for periods of ONE YEAR to THREE YEARS.
- MEDIUM-TERM investments are for periods of over THREE YEARS to FIVE YEARS.
- LONG-TERM investments are for periods of over FIVE YEARS.

PSI investments SHALL be limited to the short-term category except that the Investment Office MAY make PSI investments in accordance with the limitations imposed in Attachments I, II, and III.

The weighted average maturity of the PSI portfolio SHALL NOT exceed 1.5 years. For purposes of maturity classification, the maturity date shall be the nominal maturity date or the unconditional put option date, if one exists.

The total PSI portfolio investments with maturities in excess of one year SHALL NOT exceed 75% of the last three years' average minimum total cash and investments, after adjustments, as indicated in Attachment II.

Liquidity of PSI Investments

Short-term liquidity SHALL further be maintained and adjusted monthly so that sufficient anticipated cash is available to fully meet unanticipated withdrawals of discretionary deposits, adjusted for longer-term commitments, within ninety days.

Such liquidity SHALL be monitored where, at the beginning of each month, the par value for maturities in the next ninety days plus projected PSI deposits for ninety days, divided by the projected PSI withdrawals for ninety days plus discretionary PSI deposits is equal to or greater than one.

The liquidation of investments is not required solely because the discretionary liquidity withdrawal ratio is less than one; however, investments SHALL be limited to a maximum maturity of thirty days until such time as the discretionary liquidity withdrawal ratio is equal to or greater than one.

The sale of any PSI instrument purchased in accordance with established policies is not required solely because an institution's credit rating is lowered after the purchase of the instrument.

Specific Purpose Investment Portfolio

The Treasurer SHALL maintain a Specific Purpose Investment (SPI) portfolio to manage specific investment objectives. Specific investments may be made with the approval of the requesting entity's governing body and the approval of the Treasurer. Revenue/loss distribution of the SPI portfolio SHALL be credited to the specific entity for which the investment was made. The Treasurer reserves the right to establish and charge the requesting entity fees for maintaining the entity's SPI portfolio.

Investments SHALL be limited to the short-term category, as defined for PSI investments, except when requested by a depositing entity and with the approval of the Treasurer, a longer term investment MAY be specifically made and held in the SPI portfolio.

The sale of any SPI instrument purchased in accordance with established policies is not required solely because an institution's credit rating is lowered after the purchase of the instrument.

Execution, Delivery, and Monitoring of Investments

The Treasurer SHALL designate, in writing, personnel authorized to execute investment transactions.

All transactions SHALL be executed on a delivery versus payment basis.

The Treasurer or financial advisor, consultant or manager acting on behalf of the Treasurer, in purchasing or obtaining any securities in a negotiable, bearer, registered, or nonregistered format, requires delivery of the securities to the Treasurer or designated custodial institution, by book entry, physical delivery, or by third party custodial agreement.

All investment transactions made by the Investment Office SHALL be reviewed by the Internal Controls Office to assure compliance with the Investment Policy.

Reporting Requirements

The Treasurer SHALL provide the Board of Supervisors and the Los Angeles County Treasury Oversight Committee with a monthly report consisting of, but not limited to, the following:

- All investments detailing each by type, issuer, date of maturity, par value, historical cost, market value and the source of the market valuation.
- Month-end bank balances for accounts under the control of the Treasurer.

- A description of funds, investments, or programs that are under the management of contracted parties, including lending programs for the Treasurer.
- A description of all investment exceptions, if any, to the Investment Policy.
- A statement denoting the ability of the PSI portfolio to meet the anticipated cash requirements for the participants for the next six months.

The Treasurer SHALL provide copies of its second and fourth quarter Investment Reports to the California Debt and Investment Advisory Commission within 60 days after the close of the second and fourth quarters of each calendar year.

The Treasurer SHALL provide the Treasurer's Investment Policy to the California Debt and Investment Advisory Commission no later than 60 days after the second quarter of each calendar year and subsequent amendments thereto no later than 60 days after the approval of such amendments.

Discretionary Treasury Deposits

At the sole direction of the Treasurer, PSI deposits may be accepted from local agencies, not required to deposit their funds with the Los Angeles County Treasurer, pursuant to Government Code Section 53684.

At the time such deposits are made, the Treasurer may require the depositing entity to provide annual cash flow projections or an anticipated withdrawal schedule for deposits in excess of \$1 million. Such projections may be adjusted periodically as prescribed by the Treasurer but in no event less than semi-annually.

In accordance with Government Code Sections 27133 and 27136, all requests for withdrawal of such funds, for the purpose of investing or depositing these funds elsewhere SHALL be evaluated, prior to approving or disapproving the request, to ensure that the proposed withdrawal will not adversely affect the principal deposits of the other PSI participants.

If it is determined that the proposed withdrawal will negatively impact the principal deposits of the other PSI participants, such withdrawals will be delayed until the impact can be mitigated.
